## TRAFFIC OVER FLORIDA EAST COAST RAILROAD TIED UP BY WRECKS AND OTHER TROUBLES

### HEADON COLLISION SATURDAY ADDS TO PREVIOUS TROUBLES AND BLOCKS THE MAIN LINE

INDICATIONS ARE IT WILL RE-  
QUIRE SEVERAL DAYS' TIME  
TO GET THE SCHEDULE  
STRAIGHTENED OUT.

(Special to Daily News.)  
FORT PIERCE, Fla., Feb. 17 — All  
of the four persons injured in the  
train wreck near here Saturday are  
improving today. The conductor  
and flagman of the pay train were  
dangerously injured and two mail  
clerks on the local passenger were  
seriously hurt. Three of them were  
taken to a hospital in Miami and the  
other is being treated here.

#### Three Men Still Live—

(Special to Daily News.)  
MIAMI, Fla., Feb. 17—Conductor  
Silas, Brakeman Little and Mail  
Clerk Snyder, injured in the collision  
at Fort Pierce Saturday, are resting  
easy in the railway hospital here,  
but are not yet out of danger. Physi-  
cians are in constant attendance. It  
is thought Brakeman Little is in-  
jured internally.

Following closely after the wreck  
of train No. 37 at Key Largo and a  
second wreck of No. 37 at Palatka,  
a headon collision between two trains  
between Vero and Oso, near Fort  
Pierce, Saturday, caused almost a  
complete tie up of traffic over the  
Florida East Coast railroad, and Day-  
tona, as well as every other city  
and town along the East Coast line,  
has been without any definite train  
service since Saturday afternoon.

To multiply the troubles of the  
railroad company it is reported a  
washout still farther south has  
caused additional troubles, and rumor  
has it another wreck since Satur-  
day has brought more woe to the  
men behind the East Coast road.

Little information can be gleaned  
through railroad circles in Daytona.  
The wreck near Fort Pierce Satur-  
day afternoon was one of the  
most serious ever experienced by  
the East Coast road. Four persons  
were injured, one engine was de-  
molished and the other badly dam-  
aged, one mail car, one express car  
and one baggage car were turned into  
kindling wood and the truck so badly  
blocked no trains were able to pass  
the point of the wreck for many  
hours.

The wreck is said to have been  
caused by a misunderstanding of or-  
ders, local mail train No. 30, which  
passes through Daytona at 3:21  
o'clock in the afternoon, being sup-  
posed to take a siding at Oso to  
await the passing of a special pay  
train southbound. For some reason  
the local train did not take the sid-  
ing and about a mile beyond crashed,  
headon, into the special pay train.

Mail Clerks Snyder and Volkes of  
the local train and Brakeman Little

## COMMANDER OF TURKS IS STABBED

### GREECE LANDING TROOPS ON THE ASIATIC FRONTIER TODAY

REPORT FROM VIENNA SAYS

RUSSIAN AND AUSTRIAN  
TROOPS HAVE CLASHED ON  
THE FRONTIER.

CONSTANTINOPLE, Feb. 17—En-  
ver Bey, commander in chief of the  
Turkish army, is reported to have  
been seriously stabbed while lying in  
the sultan's harem. Enver shot and  
killed his assailant with a revolver.

In spite of the emphatic declaration  
of the powers that the Balkans  
should confine the war to Europe, it  
is reported that Greece is landing  
troops in Asia at the western end  
of the Dardanelles to attack the  
Turkish forts on the south side.

The Turks tried to land 60,000  
Asiatics, but 15,000 were killed or  
captured and the others fled back.

#### Russia and Austria Clash—

VIENNA, Feb. 17—It is reported  
there has been a clash between Aus-  
trian and Russian troops near Rud-  
mic, on the Galien frontier.

The Turkish cruiser Hamedieh  
sailed from Malta today.

A total of 3.48 inches of water  
fell in the recent rains.

## ROOT BILL KILLED BY COMMITTEE

### BILL TO EXEMPT COASTWISE SHIPS LAID ON THE TABLE

SENATE BODY, BY VOTE OF FIVE  
TO THREE, SOUNDS DEATH  
KNELL TO EXEMPTION FROM  
TOLLS.

WASHINGTON, Feb. 17 — The  
senate committee on interoceanic  
canals today voted five to three to  
lay on the table Senator Root's bill  
repealing the provision of the Pan-  
ama canal law exempting American  
coastwise ships from the payment of  
tolls.

This action kills the bill for this  
session.

### SUFFRAGETTE BAND JEERED IN PHILADELPHIA TODAY.

PHILADELPHIA, Feb. 17 — The  
suffragette band marching to Wash-  
ington was jeered, hooted and hissed  
as it passed through the streets  
here this morning, starting for  
Chester, tonight's stop. Three re-  
cruits joined the band here. The  
pilgrim band now consists of nine  
women and five men.

## CHAUTAUQUA PROGRAM HAS BEEN CHANGED

### BANGS TO LECTURE TONIGHT AND BRYAN TOMORROW NIGHT

CHICAGO LADIES' ORCHESTRA  
ALSO DELAYED BY WRECK AND  
SOME OF INSTRUMENTS ARE  
DAMAGED.

Because of the unsettled condi-  
tion of traffic on the Florida East  
Coast railroad, William Jennings  
Bryan has been unable to get to  
Daytona in time for his scheduled  
chauteauqua lecture tonight and a  
change has been made by which John  
Kendrick Bangs will lecture tonight.

Mr. Bryan will give his lecture on  
"The Signs of the Times," tomorrow  
night, taking the place of Mr. Bangs.

The inability of trains to get  
through Sunday also caused a post-  
ponement of the scheduled concert by  
the Chicago ladies' orchestra yes-  
terday afternoon until last night.

When it was ascertained positively  
that it would be impossible for Mr.  
Bryan to get here in time to lecture  
tonight wire arrangements were made  
with Mr. Bangs to come here from  
the north to take the place of Mr.  
Bryan tonight and Mr. Bryan was  
informed that his date had been  
changed to tomorrow night and he  
will be here in time to give his lec-  
ture.

## GREAT WRITER IN JEOPARDY

Charles Dickens Once Threatened With Arrest for Attempting to Pass Counterfeit Money.

One night when Dickens had retired at Gad's Hill he found he could not sleep. So he got up, dressed and determined to walk to London, about thirty miles away. He reached the suburbs early in the morning and applied at an early coffee house for some refreshments. When he had finished he gave the proprietor a sovereign, the smallest coin he had with him.

"It's a bad un," said the man, biting at it and trying to twist it in all directions, "and I shall give you in charge."

The coin did have a suspicious look. Dickens had carried some substance in his pocket which had oxidized it. Seeing that matters looked awkward, he said,

"But I am Charles Dickens!" "Come, that won't do; any man could say he was Charles Dickens. How do I know?"

The man had been victimized a week previous and would take no more chances. At length Dickens suggested that they go to a chemist's and have the coin tested. A chemist was finally found when the shops had opened. The chemist immediately recognized the novelist, in spite of his dusty appearance, and the coffee house keeper was satisfactorily convinced that he had not been entertaining a confidence man.

### The Proud Parents.

We have discovered why the parents of the Smart Child are inclined to be unduly proud of its achievements. It is clear enough that they feel that their superior mentality is reflected in the child's accomplishments. And as all children are smart children we have a reason why all parents are proud parents and why they prefer their own miserable progeny to those of other people.

These things ought to be excused in a doting mother, but we have known a proud father to break up the social session after the lodge meeting.—Minneapolis Journal.

### Oldest Almanac.

The oldest almanac in existence is the "Almanach National," which has been issued by the French government since 1686. Its name has been changed a good many times during its career of 225 years. Originally the "Almanach Royal," it became "National" in 1793, "Imperial" in 1806, and reverted to its original name nine years later. Since then the title has been altered four times. Like most publications of this sort, the "Almanach National" has grown bulky with advancing years. The first issue contained 48 pages, as compared with 1,580 pages in the current issue.

## A MAN YOU KNOW.

### Insures Promptness.

"What ails that man?" said the city salesman. "I made an appointment with him for one o'clock tomorrow, and he asked me if I meant American time. It ought to be obvious that I am not making an appointment in New York or Madrid time."

"Don't grumble," said a friend. "That question was a guarantee of good faith on his part. Every fresh arrival from Latin countries asks that when he really wishes to be prompt in his engagements. Left to his own devices he would do as everybody does at home and come straggling along an hour or two late, but to him American time signifies right on the spot, and he'll be there."

### Homes of the Banana.

It is claimed that the best and the sweetest bananas come from the Canary Islands; next in order are those of the red variety which are found on the west coast of Africa and the yellow bananas of the West Indies and South America. Other varieties are from the Congo, Borneo, Ceylon and that vicinity.

 a great success, a number of good  
 players entering. Mr. Diamond of  
 Barry, Ont., was the most successful  
 contestant, making several long  
 runs.

The Saturday evening hop proved  
 to be one of the best attended of  
 the season, the hall being well filled.  
 The Prince George is now completely  
 filled and the lobby presents a lively  
 appearance.

**The finest resort hotel in the world is being built at Sunset Mountain Asheville, N. C.**

**Absolutely Fireproof Will open July 1st**

Wm. S. KENNEY, manager

MR. E. W. GROVE, of St. Louis, Mo., is building the finest resort  
 hotel in the world, to be opened July 1st, 1913. It will be absolutely  
 fireproof, and is being built of the great boulders of Sunset Mountain, at  
 whose foot it sits. It is being built by hand in the old-fashioned way.  
 Full of rest and comfort and wholesomeness.

Q The front lawn is the hundred-acre eighteen-hole golf links of the  
 Asheville Country Club, and with it sixty acres of our own lawn.  
 Q The purest water obtainable anywhere, piped seventeen miles, from  
 the slopes of Mount Mitchell, over 6000 feet altitude. Biltmore milk and  
 cream exclusively, supplied from 200 registered Jerseys on the estate of  
 Mr. Geo. W. Vanderbilt. It is doubtful if this famous dairy is equalled  
 in the world.

Q Four hundred one-piece rugs are being made at Aubusson, France.  
 Seven hundred pieces of the furniture are being made by hand by the  
 Roycrofters. The silver will be hand-hammered.

Q The plumbing material will be the finest that has ever been placed in  
 any hotel in the world. The soil pipe has been hydraulically tested and  
 then galvanized. The hot water pipe, 18,000 lbs. in weight, will be solid  
 brass. The steam pipes are Byers' genuine lap-welded wrought iron tested  
 hydraulically to 1000 lbs. The bathtubs and fixtures all solid porcelain.  
 No pipes visible anywhere. No radiators to be seen—all placed in re-  
 cesses under windows. No electric bulbs to be seen.

Q The "Big Room," or what some call the lobby, is 80 feet by 120, and  
 the rugs in this one room will be worth \$5000.00. The two great fire  
 places in it will burn twelve-foot logs.

Q For the golfers we are building lockers and shower bath rooms with  
 a forty-foot swimming pool that will not be excelled by the finest clubs  
 in existence, and the players will be less than 100 yards distant when they  
 are on the links.

Q Mr. Wm. S. Kenney, of Bretton Woods, N. H., who has shown in his  
 management of The Mount Washington hotel and Hotel Clarendon,  
 that he is the peer of hotel keepers, will manage the Inn.

Q We own eight hundred acres around the Inn (consumptives not  
 taken).

Q Especially available for northern guests in the Spring, Fall and Winter,  
 going or returning from farther southern resorts, or for an all Winter re-  
 sort.

Q The Inn is located on the side of Sunset Mountain, about a mile from  
 the top, and is not only cool enough in the Summer to make a blanket  
 necessary at night, but is protected and mild enough in the Winter to  
 make life enjoyable without encumbrance.

## Announcement!

There will be by March 1st graded and shelled over a mile of new streets, nearly a mile and a half of new cement walks, and many other expensive improvements on my property, known as the Goodall estate, near end of new bridge, Daytona Beach.

This has all cost money. To help defray this expense I will, during the first week in March, sell at

## PUBLIC AUCTION

from this property one new nine-room bungalow on  
Gardall avenue. One eight-room two-story house on  
Thornhill avenue. Also twenty choice residential lots  
located on the different streets.

This will be the last opportunity to buy lots in this ideal location during the season of 1962, as prior to this sale there will be none sold, and after the sale they will be withdrawn from the market until another season when the new bridge will be in operation and Bulleys passing our door. Remember, the bridge brings this property practically onto French street.

Watch the bills and particularly next week.

**Differences in Features**  
 In general, the majority of Americans are in favor with the idea of the United States' withdrawal of its troops from Vietnam. But there are differences in the attitudes of the various age groups. It is interesting, for example, to note that the youngest group of Americans, those between 18 and 24 years of age, are the most in favor of the United States' withdrawal of its troops from Vietnam. It is interesting that the oldest group, those 65 years of age and older, are the least in favor of the United States' withdrawal of its troops from Vietnam.

GROVE**—18 miles, via Ormond, is  
one of the largest groves in Vo-  
lusia county and is well worth see-  
ing; can be reached by motor over  
fairly good road; can also be  
reached by boat.**NUMBER NINE ORANGE GROVE**—a  
large grove, passed on the way  
to the Beed, Knox & Beed grove,  
is 12 miles from Daytona.**NEW SMYRNA**—16 miles from Day-  
tona, over an excellent hard sur-  
face road; this drive is said to  
be the prettiest in the state. At  
New Smyrna are the ruins of an  
ancient fort and other historical  
spots, left by the colony of An-  
drew Turnbull.**OLD SPANISH MISSION**—2 miles  
west of New Smyrna, reached by  
motor over good road. This mis-  
sion is without authentic history  
but by many it is contended that  
this is the church built by Colum-  
bus on his second voyage to  
America. The altar is still extant,  
but at a later date the building  
was used as a sugar mill.**SPANISH SUGAR MILL**—2 miles  
west of Port Orange and about 8  
miles from Daytona; the machinery  
is still in a good state of pres-  
ervation, although the mill is pre-  
sumed to have been built and  
operated by the early Spanish set-  
tlers.**GOVERNMENT LIGHTHOUSE**—a  
Ponce Park, 12 miles from Daytona  
is reached by boat or by motor on  
the ocean beach.**MAMMOTH TREE**—4 miles from  
Daytona; an abnormally large tree;  
reached by motor over hard-  
surfaced road.**DELAND**—25 miles from Daytona;  
the county seat of Volusia county  
and seat of John B. Stetson uni-  
versity; a very picturesque city;  
reached by motor over hard sur-  
faced road.**TOMOKA RIVER**—The scenic stream  
of Florida; reached by excursion  
boats which leave Daytona daily  
and run to the navigable head of  
the stream, 26 miles from the  
city. Generally a number of al-  
ligators may be seen in their na-  
tive haunts. This is a trip no  
tourist should miss.**DELEON SPRINGS**, 28 miles from  
Daytona; mammoth spring that  
throws out thousands of gallons  
of water a minute; a delightful  
bathing pool, and picturesque  
scenery. Spring is situated in an  
old plantation. Reached by motor  
over good road; a nice trip for  
a picnic party.**OAK HILL**—hamlet, 10 miles south  
of New Smyrna; several orange  
groves in the locality; reached by  
motor over hard-surfaced road.**ORMOND**—six miles from Daytona;  
here is located the Ormond hotel  
and a pretty town; nearby are the  
ruins of Spanish sugar mills.**TURTLE MOUND**—26 miles south of  
Daytona; reached by boat; a  
mammoth mound of oyster shells  
supposed to have been left by  
a prehistoric race of people. Pot-  
tery and other antiquities have  
been discovered in excavating the  
shell.**PORT ORANGE**—an attractive town  
6 miles south of Daytona, can be  
reached by motor over hard-sur-  
faced road; or the trip one way  
may be made by the road and  
crossing the Halifax river on the  
Port Orange bridge, the return  
can be made on the ocean beach.**CLARENDON GOLF LINKS**—2 miles  
from Daytona and immediately  
north of the Hotel Clarendon at  
Seabreeze; the links are now in  
good condition. The Hotel Clare-  
ndon bears the distinction of  
being the only fireproof winter

new cement walks and many other expensive im-  
provements on my property, known as the Goodall  
estate, near end of new bridge, Daytona Beach.This has all cost money. To help defray this ex-  
pense I will, during the first week in March, sell at**PUBLIC AUCTION**from this property one new nine-room Bungalow on  
Goodall avenue. One eight-room two-story house on  
Vermont avenue. Also twenty choice residential lots  
located on the different streets.This will be the last opportunity to buy lots in this  
ideal location during the season of 1913, as prior to  
this sale there will be none sold, and after the  
sale they will be withdrawn from the market un-  
til another season when the new bridge will be in  
operation and trolleys passing our door. Remember,  
the bridge brings this property practically onto Beach  
street.

Some have eyes specially adapted to  
the conditions of the night, among  
them cats, night birds and night but-  
terflies. In the eyes of night animals  
the ends of the optic nerve are di-  
vided into about 120,000,000 cylindric-  
al fibers and 60,000 conical fibers. Ac-  
cording to Von Kries, the conical  
fibers perceive dark colors. Many an-  
imals see clearly in the dark because  
in their eyes cylindrical and conical  
fibers are uniformly intermingled.  
The horse follows the road, how-  
ever dark the night; the owl sees  
dark things better than he sees light  
things; therefore, it is probable that  
the cylindrical fibers of his optic  
nerves are either more numerous or  
more powerful than the conical fibers.

"Oh!" returned the other with a

MEET THE GROWERS.**Notice has been given that the  
Florida state railroad commission will  
hold a meeting in the board of trade  
rooms in Jacksonville Wednesday at  
10 o'clock in the forenoon for the  
purpose of discussing the proposition  
of bulletining the cars of perishable  
fruit and vegetables and the railway  
officials have been invited to attend  
the meeting.No exact information has been given  
out as to just what is meant by  
bulletining the perishable fruit and  
vegetables sent out of the gateway  
stations. However, in such cities as  
Chicago, the cars of hay and grain  
are bulletined for the benefit of the  
dealers. It is supposed that the plan  
is to bulletin fruits and vegetables  
here to furnish the dealers and  
growers the information.At the present time there is no cer-  
tain manner of collecting the statis-  
tical figures of the number of cars  
of freight which are sent out to the  
different sections of the country. It  
is probable that this work will be  
done in Jacksonville, in Gainesville,  
and perhaps in one of the cities in  
the extreme western section of the  
state.If the fruit and vegetables sent out  
of the state were bulletined by the  
railroads and shippers it would be a  
great aid to all concerned in the fruit  
and vegetable business. Those in  
touch with the situation declare that  
if the proposed plan is adopted it will  
be a great help in marketing the  
freight mentioned.**An Excuse.**"Will you help a poor orphan?"

part of the state and headed this  
way at the time of the wreck near

instruments played by the women are  
said to have been on the wrecked  
train. The bass viol was smashed  
and some of the other instruments  
were badly damaged. The women  
were scheduled to give the first num-  
ber of the chautauqua course as a  
sacred concert Sunday afternoon, be-  
ginning at 3 o'clock.When it was given out at the  
station here there would be no train  
through from the south before that  
time. Manager Snead got into com-

in an effort to get the orchestra here  
for a concert last night and the of-  
ficials give wire assurance the  
women would be brought here by 7

this agreement a special train was  
run here from the south, bringing  
the orchestra and their damaged in-

7:10 o'clock last night.In the meantime Manager Snead  
had secured the Saracina Royal  
Italian band to give a concert of

cert by the women was started at  
8:45 o'clock, some of the players us-  
ing borrowed local instruments.The Chicago orchestra gave the  
scheduled afternoon concert of pop-

night. The orchestra will give a  
concert of classical music tomorrow  
afternoon and play before the lecture

### STATE HAPPENINGS

News from Fair Florida Briefly Told

Information from Senators Fletcher and Bryan in Washington is to the effect that the chances are in favor of Miami receiving an appropriation for a deep water harbor at this session of congress.

Ft. McCoy is to soon have a waterworks system. The plans are now being drawn. Hydrants are to be installed in all business houses and residences. This will insure all newcomers that they will have artesian water to drink.

The Chipley Verdict says: "The prettiest field of oats we have seen this season is at J. A. Jeffries' place, six miles out on the Chipley-Vernon hard road. There is a beautiful stand and the patch appears as if covered with a rich green velvet carpet. Jim is a good farmer and most always has something slightly ready for the traveler along that route to look at and admire."

S. J. Sligh of Ocala, whose appeal for reversal of the decision of the circuit court of Orange county that the green fruit law of Florida is constitutional was refused by the supreme court, that body coinciding with the views of the lower court, announces that he will appeal in turn from the state supreme court to the United States supreme court.

Tampa's second ten-story building is nearing completion. This is the big structure being erected on Jackson, between Franklin and Tampa streets, by H. Mudge. This new building is seven feet higher than the new Citizens Bank and Trust company building. It is being erected at a cost of approximately \$70,000 and will be used for storage purposes. Mr. Mudge will occupy the ground floor for his business.

A large number of Ocala's most prominent citizens met at the board of trade rooms a few nights ago and perfected organization of the Business Men's Credit Association. Geo. McKay was elected president of the association. This organization was formed under the auspices of the Merchants' Mercantile Agency of Pittsburg, and these credit associations are now being organized all over the country.

Preparations are going ahead for the big gathering of citrus growers of this state which will be held in Tampa, April 17. On that date the growers from all parts of the state irrespective of whether they are members of the Florida Citrus Exchange, will gather to make a fight for mutual protection. It will be the most representative gathering of men engaged in the Florida citrus industry that has ever been brought under one roof.

Gov. Park Trammell, Attorney General Thomas F. West, Comptroller W. V. Knott, State Treasurer J. C. Luning, State Superintendent W. N. Sheats and Commissioner of Agriculture W. A. McRae, constituting the board of commissioners of state institutions, which under the law, has supervision and direction of the affairs of the Florida hospital for the insane, at Chattahoochee, have returned from an official trip of inspection of the hospital. While at Chattahoochee, the members of the board made a rigid and exhaustive investigation of every department of the hospital, and were well pleased with the satisfactory conditions found to be prevailing there under the management of Supt. B. F. Whitner.

### WHEN A ROOM IS STUFFY.

Closeness May Be Overcome When Windows Can't Be Opened.

There is no greater purifier of air than open windows, but sometimes in sickrooms this method of changing the air is impossible.

Have you ever tried overcoming closeness by carrying a rolled burning newspaper through a sickroom? Equally good is a tablespoonful of vinegar ignited over an alcohol lamp.

An atomizer for spraying cologne can be used with toilet water or witch hazel with refreshing effect.

There are special spirit lamps that have a connection with a platinum ball attachment that are excellent to permeate a room with purifying odors. There are special mixtures for burning in these lamps, but a good cologne or toilet water answers.

The lamp burns until the platinum ball grows red hot; then the flame is extinguished. The vaporization of the cologne is increased by coming in contact with the heated metal, and the room is soon fragrant.

A quick way to cool a room is to wet a small crib sheet with cologne or water highly scented with perfumed bath tablets. Hang in a draft of air or shake the sheet lightly while still wet. Burning lamp camphor is favored by some nurses, especially in sultry weather, as mosquitoes avoid the odor.

## Wife's Ashes as an Ornament.

An ingenious method of disposing of the ashes of a cremated body has to be recorded. After a woman had been cremated the husband took the ashes to a chemist for the purpose of extracting the iron, which he is now wearing set in his ring, as one would wear a diamond.

## Watering Hanging Plants.

The difficulty in watering hanging plants is that the water drips on to the floor. If a very small funnel is inserted in the soil, hidden by the foliage, and the water poured in this, it will gradually seep into the soil without dripping on the floor.

BIBLE SHOWS SPIRITISM  
TO BE DEMONISMMediums Deceived as Well as  
Their Followers, Accord-  
ing to Pastor Russell.

Spirit Communications Through Mediums Come Not From Dead Humans, but From the Fallen Angels, Says Pastor Russell—In the Bible He Traces Their History—Satan Himself Poses as an Angel of Light—The Bible is the Torch of Liberty and Intelligence, the Foe to Superstition, Ignorance and Demonism.

PASTOR RUSSELL

restraints under the thick darkness of a judgment of the Great Day." (Jude 6.) He said:

Last Sunday we discussed the fall of the angels, who succumbed to sin, first introduced by Satan's rebellion, and continued by man's fall from Divine favor. Man's fall had to do with the fall of the angels, and they in turn have had much to do with man's further perversion mentally, morally and physically. St. Paul declared that we wrestle not with flesh and blood merely, but with wicked spirits in high positions.—Ephesians 6:12.

Pastor Russell said that many who read his sermons in the newspapers will laugh at what may seem to be his superstitious belief that fallen angels are in close propinquity with humanity—a continual power for evil, God and Truth opposing. Personally he knows nothing of Spiritism; for, obedient to the Divine command, he avoids everything occult. His knowledge of Spiritism comes mainly from the Bible, but is well supported by the testimony of many rescued from Spiritism.

The Bible styles the fallen angels demons, translated devils in our Common Version. These demons, not our forefathers, have perverted the True Gospel. St. Paul refers to their insidious teachings as "doctrines of demons." These demons have blasphemed God by teaching that He prepared for the everlasting torture of nearly all humanity—except the Elect—at the hands of fire-proof demons.

Thus the human mind was turned against God in dread. Thus humanity learned to think of Satan and his associates as in some far-off place—not near them. But now, the Pastor said, that humanity are gradually learning that the theory of a great torture place is a hoax, these demons would lead truth-seekers to the opposite extreme, and convince them that there is no such place, nor are there any demons.

Cast Down to Tartarus.  
The Bible, however, teaches that these spirits are near us—in our atmosphere—and that they have power over us only as we yield our wills to their suggestions, and our minds to sin. St. Peter says that Satan goes about through the earth, seeking whom he may devour; and that his host of fallen angels are a present power for evil throughout the world. Jesus bids us pray, "Deliver us from the Evil One."

Pastor Russell said that St. Peter tells us that the fallen angels were cast down to Tartarus at the time of the Deluge. The word *Tartarus* is used only once in the Bible, and untranslated *hell*. We must not confound the Bible story of the fall of the angels with the symbolic picture of the Revelation, where Satan is cast out of heaven, said the speaker. This does not refer to the literal heaven. It is a figurative description of events which occurred long ago, when the Roman Empire was overthrown and Papacy set itself up, claiming to be Messiah's Kingdom.

Satan's First Lie Perpetuated.  
The Pastor then showed at some length that although God could have destroyed Satan at any time, yet He has permitted him to continue in his course for six thousand years, in order to demonstrate the evil character of sin, in contrast with the beauty of holiness. When men and angels shall have learned their lesson well, Satan and all who love sin will die the Second Death. Note Satan's persistency and effrontery, said the Pastor. God distinctly told Adam that disobedience would bring death. Satan contradicted the Almighty pointblank, declaring, "Ye shall not surely die." When mankind experienced death, Satan continued to pervert God's Word and men's minds by saying that when men die, they do not die really; but that a dead man is more alive than is a living one.

This absurdity has been repeated to our race century after century, until all believe Satan's lie and discredit God's Word. The way back to God and to sanity of reasoning is to repudiate the lie, and believe God's Truth. "The dead know not anything."  
If the Truth prevailed, where would come in prayers and masses for the dead? If the dead know not anything, how can they suffer in hell or purgatory? Where would come in the belief of those who claim to have communication with the dead?

The  
Scrap Book

## The Impression He Gave.

The learned English jurist, Judge Willis, was a very democratic and genial sort of a man. On one occasion going home in an omnibus which landed him at an inn known as the Green Man, he as usual passed the time in friendly discourse with the passengers. To one housewife who had been marketing he delivered a well meant lecture on the purchasing power of money, the tariff, free trade and domestic and political economy. To other passengers he talked freely and dispensed counsel and advice indiscriminately. Arrived at his destination, he intimated to the conductor, "I want to get out at the Green Man." Accordingly the omnibus slowed down, but as he was leaving his seat a lady touched him on the sleeve and earnestly inquired, "My good man, don't you think you've had enough?"

## The Humble Hero.

He was not of the royal blood.  
He did not seem to know his worth,  
But in our common brotherhood  
He was a hero of the earth.

God gave him grace to work and wait  
And strength and patience to endure  
And faith and hope which, soon or late,  
A crown of triumph would insure.

He looked not to the heights for fame  
Nor walked where wild ambition leads,  
Content on earth to breathe his name  
With kind and helpful little deeds.

The world seemed brighter for his smile,  
And hearts were glad to have him near,  
Broadening life's nobler scope the while  
He moved within his humble sphere.  
—Joseph W. Humphries.

## Clear Case of Madness.

John Blank of Ohio is a politician of considerable influence in his state. One evening when he was in Washington he was invited to dine at the home of John R. McLean, who dabbles in Ohio politics and costly tapestries.

Every time Mr. McLean hears of a tapestry sale in Europe he peels off a section of his bank roll, hands it to an agent and tells him to blow it in on the hangings.

Blank's appetite was very poor that night. Apparently he was in great physical pain or felt the gnawing clutch of a secret sorrow. When he got back to Ohio he made this mournful announcement:

"I've always heard that John R. McLean was a wise old guy. It's a mistake. That old fellow is as crazy as a loon. He took me in to dinner in a room where there was absolutely nothing on the floor and all the carpets were hanging on the wall."—Popular Magazine.

## Well Confirmed.

The Rev. Joshua Kimber, in his reminiscences in the Living Church, tells the following anecdote of the late Bishop Horatio Porter: "He had been journeying up the east bank of the Hudson river, stopping for confirmation each day at adjoining parishes. When he reached Poughkeepsie he saw a woman at the rail waiting for confirmation whose face he was sure he recognized and was somewhat familiar with. He was also certain that she had been confirmed within the week at another place. The bishop whispered to her to remain after service and said: 'My dear madam, what do you mean by coming for confirmation? I am sure I confirmed you Monday at such a place. Did I not?' She said: 'You certainly did. I have been following you up the river and have been confirmed every day this week.' He, astonished, said, 'Why did you do that?' Whereupon she replied, 'Because I heard it was good for rheumatism.'"

## Reeves and Toole.

Sims Reeves told this story in his "Reminiscences."

"I was playing the part of Tom Tug in company with my excellent friend J. L. Toole, who was also a member of the cast. In 'The Waterman' a word or two of gas is held to be permissible, and, partly to amuse the audience, partly to astonish my excellent fellow actor, I said to him in a certain scene in reply to his question:

"What's the meaning of all this?"  
"The meaning of it is that you've been made a fool of, and I'm a happy fellow."

"Johnnie looked very much surprised, and, as a popular comedian does not if he can help it allow himself to be scored off, after a moment's reflection, during which he must have suffered the keenest agony, replied:

"So it sims."

## Fierce Cheese Eaters.

A noted writer was aboard a steamship at Montreal and just before the vessel left on her trip for Liverpool was watching the loading of an enormous quantity of Canadian cheese. A number of schoolteachers were on the boat bound for Quebec, and these young ladies were very much interested in the loading of the cheeses. One of them asked the writer how many there were.

"The ship takes on from 15,000 to 25,000 cheeses every trip," he truthfully informed her.

"How—how many people are there on board?" she asked.

"About 1,200 this trip."

For a moment the young lady regarded him in astonishment; then she looked at the cheeses being loaded by the hundred.

"It's truly wonderful!" she gasped. "I never would have believed it if I had not seen them with my own two eyes. And only 1,200 people! Goodness me, they must be fierce cheese eaters!"—Judge.

G. H. Hulett and W. L. Bowler  
left yesterday afternoon for a trip to  
Panama. Mr. Hulett, who is from  
Cleveland, Ohio, owns a winter home  
on North Ridgewood avenue and Mr.  
Bowler, also of Cleveland, has been  
located at the Ivy Lane Inn. Mr.  
Hulett is called to Panama by busi-  
ness and Mr. Bowler accompanies  
him for the pleasure of the trip.

S. R. Burton, who has been a  
guest at the Ivy Lane Inn for a  
month or more, was called on Sat-  
urday by important business mat-  
ters. Mr. Burton greatly regretted  
having to return to Cincinnati at  
this time as he had expected to re-  
main here until the end of the  
season. His early departure is also  
regretted by his friends in this city.  
Mr. Burton has been coming to Day-  
tona for several seasons, prior to  
this winter spending his time while  
here with his friend, the late T. A.  
Snider, at his bungalow on South  
Ridgewood avenue.

PAUL GILMORE COMPANY  
TO PLAY "HAVOC" HERE.

Paul Gilmore in "The Havoc," a  
play by H. S. Sheldon, which ran  
all last season in New York, will be  
the engagement at the New Daytona  
theater next Friday night. This  
strong drama has gained especial dis-  
tinction because of the fact that it  
presents a new treatment of the  
"triangle" problem. Its very title is  
due to its uncompromising revelation  
of the "havoc" that remains when  
the flames of guilty passion have  
burned away. From the wreck of  
domestic happiness thus created  
there emerges a central figure of the  
strongest strength, the husband of the  
story's faithless wife, and the dat-  
ing novelty of an old theme's new  
handling is found in this husband's  
mood when he discovers that his  
wife has a lover and instantly adopts  
a course of punishment for unre-  
served. He then appeals to the "un-  
derworld law." Paul Gilmore gives a  
dramatic portrayal of this role of  
domestic tragedy, the strongest ques-  
tion, and is supported by players  
of ability chosen for high artistic  
quality.

The bad weather of last week was  
very unusual for this time of the  
year and more reminiscent that which  
some times occurs in the fall. Al-  
though even at that season all day  
rains are not common in sunny  
Florida.

## WALLACE HALL CONTINUES TO IMPROVE AT HOSPITAL

INDICATIONS NOW ARE THAT  
LAD INJURED BY BEING  
STRUCK BY AUTOMOBILE HAS  
A GOOD CHANCE.

The condition of Wallace Hall, the  
boy who was struck and dangerously  
injured by an automobile in front of  
the Seabreeze public school last  
week Wednesday, is still further im-  
proved today and it is now believed  
the injured boy has a good chance  
for recovery.

The boy has been steadily gaining  
at the hospital since the operation  
performed by Dr. Turk of Jackson-  
ville and Dr. Robinson last Friday  
night, and, while not yet out of dan-  
ger, his steady improvement is a  
source of much satisfaction to the  
physicians in charge.

Capt. Benjamin J. Schlemberg of  
the U. S. Volunteer Life saving corps  
who has been in the city for several  
days, gave a lesson in swimming,  
using all the saving methods yester-  
day afternoon in the vicinity of  
the ferry dock at Daytona Beach.  
The dock and bridge at that point  
were crowded with spectators and  
others viewed the exhibition from  
benches, the crowd being estimated at  
several thousand persons. The meth-  
ods of resuscitation of the drowned  
was given by Capt. Schlemberg on  
board the steamer Uncle Sam, in the  
neighborhood of the dock. Capt.  
Schlemberg also gave an exhibition  
of his feat of undressing under wa-  
ter, accomplishing the act in 23 sec-  
onds, which he claims is one second  
more than it took him to perform the  
act at Miami. A collection was tak-  
en before the exhibition.

Gov. William Jennings Bryan, who  
will give his chautauqua lecture here  
tomorrow night under the rearranged  
program, will be entertained at din-  
ner tomorrow night at the Despland  
hotel by the board of governors of  
the board of trade, and he will be ac-  
companied at a smoker by the Elks  
at the Elks' home after the lecture,  
if he consents to such an arrange-  
ment. Wire invitations have been  
sent to Mr. Bryan for these two  
functions.
